

OCTOBER 23, 2019 FEMALE CANCER SCREENING

5:00 pm – 8:00 pm

At the Health Department: 204 Flanders-Drakestown Rd.
Budd Lake, NJ 07828

The screening includes a Thin-Prep Pap test, cervical and pelvic exam, manual breast exam and referral for a discounted mammogram. Female residents of Mount Olive, Netcong, Mount Arlington, Dover, Mine Hill, and Wharton are welcome with preference given to those without insurance coverage.

Women aged 21-29 should have a Pap test every 3 years.

Women aged 30-65 years should have a Pap test every 5 years

Take advantage of the opportunity to gain a better understanding of your health!

Cervical Cancer screening may detect changes in cervical cells before they become cancerous.

Breast exams can help detect abnormal growths early that may be cancerous.

Appointments are required. Please call Helen Giles, RN at 973-691-0900 ext. 7353 for an appointment.
