Roofs for Heroes

Protecting Those Who Protect Us

A Partnership with Morris Habitat for Humanity
and Rebuilding Together North Jersey

The Roofs for Heroes program supports our community heroes serving on the front lines of the COVID-19 pandemic. This program is a chance to honor and give back to those risking their lives every day to keep others safe. Beginning early June 2020, selected community heroes will have the opportunity to receive a free roof repair, rehab, or a complete roof replacement.

How the program works

Morris Habitat for Humanity and Rebuilding Together North Jersey are working together to help identify the dedicated frontline health workers and first responders living in Morris, Bergen, & Passaic counties who need roofing help.

Any community hero who fits the initial requirements of the program can apply online and will need to qualify in order to receive a free roof repair, rehab, or a complete roof replacement.

Roofing materials and labor will be supplied by GAF and GAF-certified contractors who will implement and complete each roofing project.

How to apply
