#### Independent Auditors' Report

The Honorable Mayor and Members of the Borough Council Borough of Netcong Netcong, New Jersey

#### **Report on the Audit of the Financial Statements**

#### **Opinions**

We have audited the financial statements – *regulatory basis* - of the various funds and account group of the Borough of Netcong, in the County of Morris (the "Borough") as of and for the years ended December 31, 2023 and 2022, and the related notes to the financial statements, as listed in the table of contents.

Qualified Opinion on General Fixed Assets Account Group on Regulatory Basis of Accounting

In our opinion, except for the effects of the matter described in the Basis for Unmodified and Qualified Opinions section of our report, the accompanying financial statements referred to above present fairly, in all material respects, the financial position of the general fixed assets account group of the Borough as of December 31, 2023 and 2022 in accordance with the accounting practices prescribed or permitted by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division").

Unmodified Opinions on the Various Funds on Regulatory Basis of Accounting

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the financial position of each fund of the Borough as of December 31, 2023 and 2022, and the results of operations and changes in fund balance, where applicable, of such funds, thereof for the years then ended in accordance with the accounting practices prescribed or permitted by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division").

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles section of our report, the accompanying financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of each fund and account group of the Borough as of December 31, 2023 and 2022, or the changes in financial position or where applicable, cash flows thereof for the years then ended.

The Honorable Mayor and Members of the Borough Council Borough of Netcong Page 2

#### Basis for Unmodified Opinions on the Various Funds and Qualified Opinion on General Fixed Assets Account Group on Regulatory Basis of Accounting

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS), audit requirements prescribed by the Division and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Borough, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Matter Giving Rise to Qualified Opinion on General Fixed Assets Account Group on Regulatory Basis of Accounting

The Borough's general fixed assets account group is stated at historical cost or estimated historical cost in the accompanying financial statements. We were unable to obtain sufficient evidence to support the cost of the fixed assets of the general fixed assets account group. As more fully described in Note 1, due to the length of time over which these fixed assets were acquired, it is not practical to determine their actual costs. Therefore, based upon the underlying accounting records, we have not audited the general fixed assets account group.

#### Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 of the financial statements, the financial statements are prepared by the Borough on the basis of the financial reporting provisions prescribed or permitted by the Division, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of the Division's regulatory basis of accounting and the budget laws of New Jersey.

The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material and pervasive.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division") to demonstrate compliance with the Division's regulatory basis of accounting, and the budget laws of New Jersey. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

The Honorable Mayor and Members of the Borough Council Borough of Netcong Page 3

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards* and audit requirements prescribed by the Division will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, Government Auditing Standards and audit requirements prescribed by the Division, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Borough's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Borough's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements of the various funds and account group that collectively comprise the Borough's financial statements. The supplementary data schedules listed in the table of contents and the schedules of expenditures of federal and state awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards ("Uniform Guidance") and New Jersey's OMB Circular 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid, are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the various fund and account group financial statements. The information has been subjected to the auditing procedures applied in the audit of the various fund financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the various fund and account group financial statements or to the various fund and account group financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary data schedules and the schedules of expenditures of federal and state awards are fairly stated, in all material respects, in relation to the various fund and account group financial statements as a whole.

The Honorable Mayor and Members of the Borough Council Borough of Netcong Page 4

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 29, 2024 on our consideration of the Borough's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Borough's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Borough's internal control over financial reporting and compliance.

#### Note 1: Summary of Significant Accounting Policies

#### A. Reporting Entity

Except as noted below, the financial statements of the Borough of Netcong include every board, body, officer or commission supported and maintained wholly or in part by funds appropriated by the Borough of Netcong, as required by N.J.S. 40A:5-5. Accordingly, the financial statements of the Borough of Netcong do not include the operations of the municipal library, or volunteer fire and first aid squads.

Governmental Accounting Standards Board ("GASB") Codification Section 2100, "Defining the Financial Reporting Entity" establishes standards to determine whether a governmental component unit should be included in the financial reporting entity. Component units are legally separate organizations for which the elected officials of the primary government are financially accountable. In addition, component units can be other organizations for which the nature and significance of their relationship with a primary government are such that exclusion would cause the reporting entity's financial statements to be misleading. The primary government is financially accountable if it appoints a voting majority of the organization's governing body and (1) it is able to impose its will on that organization or (2) there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary government. A legally separate, tax-exempt organization should be reported as a component unit of a reporting entity if all of the following criteria are met: (1) The economic resources received or held by the separate organization are entirely or almost entirely for the direct benefit of the primary government, its component units, or its constituents. (2) The primary government, or its component units, is entitled to, or has the ability to otherwise access, a majority of the economic resources received or held by the separate organization. (3). The economic resources received or held by an individual organization that the specific primary government, or its component units, is entitled to, or has the ability to otherwise access, are significant to that primary government. As the financial reporting entity was established in accordance with New Jersey statutes, the requirements of GASB Codification Section 2100 were not followed and, accordingly, the reporting entity could be different from accounting principles generally accepted in the United States of America.

#### B. <u>Description of Funds</u>

The accounting policies of the Borough of Netcong conform to the accounting principles applicable to municipalities which have been prescribed or permitted by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"). Such practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Borough of Netcong accounts for its financial transactions through the following separate funds:

<u>Current Fund</u> - Resources and expenditures for governmental operations of a general nature, including federal and state grant funds.

<u>Trust Funds</u> - Receipts, custodianship and disbursement of funds in accordance with the purpose for which each reserve was created.

Assessment Trust Fund - Resources and expenditures for payment of Assessment Fund debt.

(Continued)

#### Note 1: Summary of Significant Accounting Policies (Cont'd)

#### B. Description of Funds (Cont'd)

<u>General Capital Fund</u> - Receipt and disbursement of funds for the acquisition of general capital facilities, other than those acquired in the Current Fund.

<u>Water Utility Operating and Capital Funds</u> - Account for the operations and acquisition of capital facilities of the municipally owned water utility.

<u>Sewer Utility Operating and Capital Funds</u> - Account for the operations and acquisition of capital facilities of the municipally owned sewer utility.

<u>Solid Waste Utility Operating and Capital Funds</u> - Account for the operations municipally solid waste utility which was established in 2023.

<u>Public Assistance Fund</u> - Receipt and disbursement of funds that provide assistance to certain residents of the Borough pursuant to Title 44 of New Jersey statutes. The operations of the State funded welfare program were transferred to the County in a prior year.

<u>General Fixed Assets Account Group (Unaudited)</u> - These accounts were established with estimated values of land, building and certain fixed assets of the Borough as discussed under the caption of "Basis of Accounting".

#### C. Basis of Accounting

Basis of accounting refers to when revenue and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

Revenue is recorded when received in cash except for certain amounts which may be due from the State of New Jersey. Grant revenue is realized in the Operating and Trust Funds on the cash basis, and in the capital funds when improvements are authorized. The amounts recorded as property taxes and consumer accounts receivable have not been included in revenue. Amounts that are due to the municipality which are susceptible of accrual are recorded as receivables with offsetting reserves in the Current Fund.

Expenditures are charged to operations based on budgeted amounts. Exceptions to this general rule include:

- 1. Accumulated unpaid vacation, sick pay and other employee amounts are not accrued.
- 2. Prepaid expenses, such as insurance premiums applicable to subsequent periods, are charged to current budget appropriations in total.
- 3. Principal and interest on long-term debt are recognized when due.

Expenditures, if any, in excess of appropriations, appropriation reserves or ordinances become deferred charges which must be raised by future taxes. Outstanding encumbrances at December 31 are reported as a cash liability in the financial statements and constitute part of the statutory appropriation reserve balance. Appropriation reserves covering unexpended appropriation balances are automatically created at December 31 of each year and recorded as liabilities, except for amounts which may be cancelled by the governing body. Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding fiscal year. Lapsed appropriation reserves are recorded as income.

(Continued)

#### Note 1: Summary of Significant Accounting Policies (Cont'd)

#### C. Basis of Accounting (Cont'd)

Had the Borough's financial statements been prepared under accounting principles generally accepted in the United States of America, encumbrances would not be considered as expenditures; appropriation reserves would be recorded; revenue susceptible to accrual would have been reflected without offsetting reserves; and federal and state grants and assistance would be recognized when earned, not when awarded or budgeted; inventories would not be reflected as expenditures at the time of purchase; investments would generally be stated at fair value and fixed assets purchased by the Water and Sewer Capital Utility Funds would be depreciated and the Borough's net OPEB liability and net pension liability and related deferred inflows and outflows would be recorded.

The cash basis of accounting is followed in the Trust and Capital Funds.

#### D. <u>Deferred Charges to Future Taxation</u>

The General Capital Fund balance sheet includes both funded and unfunded deferred charges. Funded means that bonds have been issued and are being paid off on a serial basis. Unfunded means the debt has been authorized but not permanently financed. A municipality can eliminate an unfunded deferred charge by raising it in the budget or collecting a grant. The unfunded deferred charge may also be funded by selling bonds, by loans or by financed purchase agreements.

#### E. Other significant accounting policies include:

<u>Management Estimates</u> – The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

<u>Cash and cash equivalents</u> – Amounts include petty cash, change funds, amounts on deposit, and short-term investments with original maturities of three months or less.

<u>Investments</u> – Investments are stated at cost.

<u>Grants Receivable</u> – Grants receivable represent total grant awarded less amounts collected to date. Because the amount of grant funds to be collected are dependent on the total costs eligible for reimbursement, the actual amount collected may be less than the total amounts awarded.

<u>Allowance for Uncollectible Accounts</u> – No allowance for uncollectible accounts has been recorded as all amounts are considered collectible.

<u>Compensated Absences</u> – Expenditures relating to unused vested accumulated vacation and sick pay are not recorded until paid.

<u>Foreclosed Property</u> - Foreclosed property is recorded in the Current Fund at the assessed valuation when such property was acquired and is fully reserved.

(Continued)

#### Note 1: Summary of Significant Accounting Policies (Cont'd)

#### E. Other significant accounting policies include (Cont'd):

<u>Interfunds</u> - Interfund receivables in the Current Fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves.

<u>Inventories of Supplies</u> - The cost of inventories of supplies are recorded as expenditures at the time individual items are purchased. The cost of inventories are not included on the various balance sheets.

<u>General Fixed Assets</u> (Unaudited) – In accordance with the New Jersey Administrative Code accounting requirements, as promulgated by the Division of Local Government Services, the Borough has developed a fixed assets accounting and reporting system based on the following:

General fixed assets are recorded at cost except for land and buildings, which are recorded at estimated historical cost. Infrastructure assets are not included in general fixed assets, as per state directive. Major renewals and betterments are charged to the asset accounts; maintenance and minor repairs and replacements, which do not improve or extend the lives of the respective assets, are expensed currently. Donated fixed assets are valued at their fair market value on the date donated. No depreciation has been provided on general fixed assets. The total value recorded for general fixed assets is offset by an "Investment in General Fixed Assets". When properties are retired or otherwise disposed of, the asset and the reserve are adjusted accordingly. Assets recorded in the General Fixed Assets Account Group may also be recorded in the Current, General Capital and Utility Capital Funds. The values recorded in the General Fixed Assets Account Group and the Current and Capital Funds may not always agree due to differences in valuation methods, timing of recognition of assets and the recognition of infrastructures. Fixed assets are reviewed for impairment.

Property and equipment purchased by the Water Utility and Sewer Utility Funds, are recorded in the capital accounts at cost and are not adjusted for dispositions and abandonments. The amounts shown do not purport to represent reproduction costs or current value. Contributions in aid of construction are not capitalized. The balances in the Reserve for Amortization and Deferred Reserve for Amortization accounts in the Utility Capital Funds represent charges to operations for the cost of acquisition of property, equipment and improvements. The utilities do not record depreciation on fixed assets.

#### F. <u>Budget/Budgetary Controls</u>

Annual appropriated budgets are prepared in the 1<sup>st</sup> quarter for the Current and Utility Operating Funds. The budgets are submitted to the governing body and the Division of Local Government Services. Budgets are prepared using the cash basis of accounting. The legal level of budgetary control is established at the line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the flexible chart of accounts referenced in N.J.S.A. 40A. All budget amendments/transfers much be approved by the Borough during the year.

#### Note 2: <u>Long-Term Debt</u>

The Local Bond Law governs the issuance of bonds to finance general Borough capital expenditures. All bonds are retired in serial installments within the statutory period of usefulness. All bonds issued by the Borough are general obligation bonds. The Borough's full faith and credit and taxing power has been pledged to the payment of the general obligation debt principal and interest.

#### Note 4: Local School District Taxes and Regional High School Taxes

Regulations provide for the deferral of not more than 50% of the annual levy when school taxes are raised for a school year and have not been requisitioned by the respective school district.

The Borough of Netcong has not elected to defer school taxes.

#### Note 5: Deferred Charges to be Raised in Succeeding Years' Budgets

Certain expenditures are required to be deferred to budgets of succeeding years. At December 31, 2023, the Borough had the following deferred charges:

	Balance Dec. 31, 2023	Balance to Subsequent Budgets
Current Fund Special Emergency Appropriation	\$ 23,000.00	\$ 23,000.00
Water Utility Operating Fund: Emergency Appropriation	\$ 25,000.00	\$ 25,000.00

The appropriation in the 2024 budget is not less than that required by statute.

#### Note 6: Pension Plans

Borough employees participate in one of two contributory, defined benefit public employee retirement systems: The State of New Jersey Public Employee's Retirement System (PERS) or the State of New Jersey Police and Firemen's Retirement System (PFRS).

#### A. Public Employees' Retirement System (PERS)

#### Plan Description

The State of New Jersey, Public Employees' Retirement System (PERS) is a cost-sharing multiple-employer defined benefit pension plan administered by the State of New Jersey, Division of Pensions and Benefits (the Division). For additional information about the PERS, please refer to the Division's annual financial statements which can be found at <a href="https://www.nj.gov/treasury/pensions/annual-reports.shtml">www.nj.gov/treasury/pensions/annual-reports.shtml</a>.

#### Benefits Provided

The vesting and benefit provisions are set by N.J.S.A. 43:15A. PERS provides retirement, death and disability benefits. All benefits vest after ten years of service.

Note 6: Pension Plans (Cont'd)

A. Public Employees' Retirement System (PERS) (Cont'd)

Benefits Provided (Cont'd)

The following represents the membership tiers for PERS:

Tier	Definition
1	Members who were enrolled prior to July 1, 2007
2	Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008
3	Members who were eligible to enroll on or after November 2, 2008 and prior to May 22, 2010
4	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
5	Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits of 1/55<sup>th</sup> of final average salary for each year of service credit is available to Tiers 1 and 2 members upon reaching age 60 and to Tier 3 members upon reaching age 62. Service retirement benefits of 1/60<sup>th</sup> of final average salary for each year of service credit is available to Tier 4 members upon reaching age 62 and to Tier 5 members upon reaching age 65. Early retirement benefits are available to Tiers 1 and 2 members before reaching age 60, to Tiers 3 and 4 before age 62 with 25 or more years of service credit and Tier 5 with 30 or more years of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a members retires prior to the age at which a member can receive full early retirement benefits in accordance with their respective tier. Tier 1 members can receive an unreduced benefit from age 50 to age 60 if they have at least 25 years of service. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

#### Contributions

The contribution policy for PERS is set by N.J.S.A. 43:15A and requires contributions by active members and contributing members. State legislation has modified the amount that is contributed by the State. The State's pension contribution is based on an actuarially determined amount, which includes the employers portion of the normal cost and an amortization of the unfunded liability. Funding for noncontributory group insurance benefits is based on actual claims paid.

The local employers' contribution amounts are based on an actuarially determined rate which includes the normal cost and unfunded accrued liability. Chapter 19, P.L. 2009 provided an option for local employers of PERS to contribute 50% of the normal and accrued liability contribution amounts certified for payments due in State fiscal year 2009. Such employers will be credited with the full payment and any such amounts will not be included in their unfunded liability. The actuaries will determine the unfunded liability of those retirement systems, by employer, for the reduced normal and accrued liability contributions provided under this law. This unfunded liability will be paid by the employer in level annual payments over a period of 15 years beginning with the payments due in the fiscal year ended June 30, 2012 and are adjusted by the rate of return on the actuarial value of assets.

(Continued)

Note 6: <u>Pension Plans</u> (Cont'd)

A. Public Employees' Retirement System (PERS) (Cont'd)

Contributions (Cont'd)

Borough contributions to PERS amounted to \$114,000 for 2023. During the fiscal year ended June 30, 2022, the State of New Jersey contributed \$2,886 to the PERS for normal pension benefits on behalf of the Borough.

The employee contribution rate was 7.50% effective July 1, 2018.

#### Special Funding Situation

Under N.J.SA. 43:15A-15, local participating employers are responsible for their own contributions based on actuarially determined amounts, except where legislation was passed that legally obligated the State if certain circumstances occurred. The legislation, which legally obligates the State, is Chapter 366, P.L. 2001 and Chapter 133, P.L. 2001. The amounts contributed on behalf of the local participating employers under the legislation is considered to be special funding situation as defined by GASB Statement No. 68 and the State is treated as a nonemployer contributing entity. Since the local participating employers do not contribute under the legislation directly to the plan (except for employer specific financed amounts), there is no pension liability or deferred outflows or inflows to report in the financial statement of the local participating employers related to the legislation. However, the notes to the financial statements of the local participating employers must disclose the portion of the nonemployer contributing entity's total proportionate share of the collective net pension liability that is associated with the local participating employer. In addition, each local participating employer must disclose pension expense associated with the employers as well as revenue in an amount equal to the nonemployer contributing entity's total proportionate share of the collective pension expense associated with the local participating employer.

#### Pension Liabilities and Pension Expense

At June 30, 2022, the Borough's liability was \$1,362,361 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2021 which was rolled forward to June 30, 2022. The Borough's proportion of the net pension liability was based on a projection of the Borough's long-term share of contributions to the pension plan relative to the projected contributions of all participating members, actuarially determined. At June 30, 2022, the Borough's proportion was .009%, which was an increase of 0.0005% from its proportion measured as of June 30, 2021. The Borough has rolled forward the net pension liability as of June 30, 2022 with no adjustments. The State of New Jersey Public Employees' Retirement System (PERS)' valuation cycle is July 1 instead of December 31. The roll forward methodology puts them a year in arrears in terms of valuation. The Division of Local Government Services, Department of Community Affairs, State of New Jersey is permitting municipalities and counties to include the June 30, 2022 information in the Notes to the Financial Statements as the June 30, 2023 information has not been released as of the date of this audit.

For the year ended December 31, 2023, the Borough recognized actual pension expense in the amount of \$114,000.

#### **Actuarial Assumptions**

The total pension liability for the June 30, 2022 measurement date was determined by an actuarial valuation as of July 1, 2021 which was rolled forward to June 30, 2022. This actuarial valuation used the following actuarial assumptions:

Inflation Rate:

Price 2.75% Wage 3.25%

Salary Increases 2.75 - 6.55% based on years of service

Investment Rate of Return 7.00%

The actuarial assumptions used in the July 1, 2021 valuation were based on the results of an actuarial experience study for the period July 1, 2018 to June 30, 2021.

Pre-retirement mortality rates were based on the Pub-2010 General Below-Median Income Employee Mortality Table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 91.4% adjustment for males and a 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2021.

#### Long Term Expected Rate of Return

In accordance with State statute, the long-term expected rate of return on pension plan investments (7.00% at June 30, 2022) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the Board of Trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in PERS' target asset allocation as of June 30, 2022 are summarized in the following table:

#### Discount Rate

The discount rate used to measure the total pension liability was 7.00% as of June 30, 2022. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity will be based upon 100% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments in determining the total pension liability.

Sensitivity of the Borough's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the Borough's proportionate share of the collective net pension liability as of June 30, 2022 calculated using the discount rate as disclosed below, as well as what the Borough's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

#### B. Police and Firemen's Retirement System (PFRS)

#### Plan Description

The State of New Jersey Police and Firemen's Retirement System (PFRS), is a cost-sharing multiple-employer defined benefit pension plan administered by the State of New Jersey Division of Pensions and Benefits (the Division). For additional information about the PFRS, please refer to the Division's annual financial statements which can be found at <a href="https://www.nj.gov/treasury/pensions/annual-reports.shtml">www.nj.gov/treasury/pensions/annual-reports.shtml</a>.

#### Benefits Provided

The vesting and benefit provisions are set by N.J.S.A. 43:16A. The PFRS provides retirement as well as death and disability benefits. All benefits vest after ten years of service, except disability benefits which vest after 4 years of service.

The following represents the membership tiers for PFRS:

<u>Tier</u>	Definition				
1	Members who were enrolled prior to May 22, 2010				
2	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011				
3	Members who were eligible to enroll on or after June 28, 2011				

Service retirement benefits are available at age 55 and are generally determined to be 2% of final compensation for each year of creditable service up to 30 years plus 1% for each year of service in excess of 30 years. Members may seek special retirement after achieving 25 years of creditable service, in which benefits would equal 65% (tiers 1 and 2 members) and 60% (tier 3 members) of final compensation plus 1% for each year of creditable service over 25 years but not to exceed 30 years. Members may elect deferred retirement benefits after achieving ten years of service, in which case benefits would begin at age 55 equal to 2% of final compensation for each year of service.

#### Contributions

The contribution policy for PFRS is set by N.J.S.A. 43:16A and requires contributions by active members and contributing members. State legislation has modified the amount that is contributed by the State. The State's contribution amount is based on an actuarially determined rate, which includes the normal costs and unfunded accrued liability. For fiscal year 2022, the State contributed an amount more than the actuarially determined amount.

The Local employers' contribution amounts are based on an actuarially determined rate which includes the normal cost and unfunded accrued liability. Chapter 19, P.L. 2009 provided an option for local employers of PFRS to contribute 50% of the normal and accrued liability contribution amounts certified for payments due in State fiscal year 2009. Such employers will be credited with the full payment and any such amounts will not be included in their unfunded liability. The actuaries will determine the unfunded liability by employer, for the reduced normal and accrued liability contributions provided under this law. This unfunded liability will be paid by the employer in level annual amounts over a period of 15 years beginning with the payments due in the fiscal year ended June 30, 2012 and will be adjusted by the rate of return on the actuarial value of the assets.

#### **Special Funding Situation**

Under N.J.S.A. 43:16A-15, local participating employers are responsible for their own contributions based on actuarially determined amounts, except where legislation was passed which legally obligated the State if certain circumstances occurred. The legislation which legally obligates the State is as follows: Chapter 8, P.L. 2000, Chapter 318, P.L. 2001, Chapter 86, P.L. 2001, Chapter 511, P.L. 1991, Chapter 109, P.L. 1979, Chapter 247, P.L. 1993 and Chapter 201, P.L. 2001. The amounts contributed on behalf of the local participating employers under this legislation is considered to be a special funding situation as defined by GASB Statement No. 68 and the State is treated as a nonemployer contributing entity. Since the local participating employers do not contribute under this legislation directly to the plan (except for employer specified financed amounts), there is no net pension liability or deferred outflows or inflows to report in the financial statements of the local participating employers related to this legislation. However, the notes to the financial statements of the local participating employers must disclose the portion of the nonemployer contributing entities' total proportionate share of the collective net pension liability that is associated with the local participating employer.

Borough contributions to PFRS amounted to \$433,978 for the year ended December 31, 2023. During the fiscal year ended June 30, 2022, the State of New Jersey contributed \$84,627 to the PFRS for normal pension benefits on behalf of the Borough, which is more than the contractually required contribution of \$78,426.

The employee contributions for PFRS are 10.00% of employees' annual compensation, as defined.

#### Pension Liabilities and Pension Expense

At June 30, 2022, the Borough's liability for its proportionate share of the net pension liability was \$3,819,503. The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2021 which was rolled forward to June 30, 2022. The Borough's proportion of the net pension liability was based on a projection of the Borough's long-term share of contributions to the pension plan relative to the projected contributions of all participating members, actuarially determined. At June 30, 2022, the Borough's proportion was .0334%, which was an increase of 0.0054% from its proportion measured as of June 30, 2021. The Borough has rolled forward the net pension liability as of June 30, 2022 with no adjustments. The State of New Jersey Police and Firemen's Retirement System (PFRS)' valuation cycle is July 1 instead of December 31. The roll forward methodology puts them a year in arrears in terms of valuation. The Division of Local Government Services, Department of Community Affairs, State of New Jersey is permitting municipalities and counties to include the June 30, 2022 information in the Notes to the Financial Statements as the June 30, 2023 information has not been released as of the date of this audit.

Additionally, the State's proportionate share of the net pension liability attributable to the Borough is \$679,759 as of June 30, 2022. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2021 which was rolled forward to June 30, 2022. The State's proportionate share of the net pension liability associated with the Borough was based on a projection of the Borough's long-term share of contributions to the pension plan relative to the projected contributions of all participating members, actuarially determined. At June 30, 2022, the State's proportion was .0334%, which was an increase of 0.0054% from its proportion measured as of June 30, 2021, which is the same proportion as the Borough's.

Borough's Proportionate Share of the Net Pension Liability	\$ 3,819,503
State's Proportionate Share of the Net Pension Liability Associated	
with the Borough	679,759
Total Net Pension Liability	\$ 4,499,262

For the year ended December 31, 2023, the Borough recognized total pension expense of \$433,978.

#### Actuarial Assumptions

The total pension liability for the June 30, 2022 measurement date was determined by an actuarial valuation as of July 1, 2021 which was rolled forward to June 30, 2022. This actuarial valuation used the following actuarial assumptions:

Inflation Rate:

Price 2.75% Wage 3.25%

Salary Increases:

Through all future years 3.25 - 16.25% based on years of service

Thereafter Not Applicable

Investment Rate of Return 7.00%

Employee mortality rates were based on the PubS-2010 amount-weighted mortality table with a 105.6% adjustment for males and 102.5% adjustment for females. For healthy annuitants, mortality rates were based on the PubS-2010 amount-weighted mortality table with a 96.7% adjustment for males and 96.0% adjustment for females. Disability rates were based on the PubS-2010 amount-weighted mortality table with a 152.0% adjustment for males and 109.3% adjustment for females. Mortality improvement is based on Scale MP-2021.

The actuarial assumptions used in the July 1, 2021 valuation were based on the results of an actuarial experience study for the period July 1, 2018 to June 30, 2021.

#### Long Term Expected Rate of Return

In accordance with State statute, the long-term expected rate of return on pension plan investments (7.00% at June 30, 2022) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the Board of Trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in PFRS' target asset allocation as of June 30, 2022 are summarized in the following table:

#### Discount Rate – PFRS

The discount rate used to measure the total pension liability was 7.00% as of June 30, 2022. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity will be based upon 100% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments to determine the total pension liability.

Sensitivity of the Total Net Pension Liability (including the State's proportionate share of the net pension liability attributable to the Borough) to Changes in the Discount Rate

The following presents the total net pension liability (including the State's proportionate share of the net pension liability attributable to the Borough) as of June 30, 2022 calculated using the discount rate as disclosed above, as well as what the collective net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

#### Note 7: Accrued Vacation and Compensatory Time Benefits

The Borough of Netcong has permitted employees to accrue unused vacation and compensatory time, which is paid to municipal employees in the beginning of the following year with the exception of the Police Department. The Borough of Netcong Police Department accrues unused sick and compensation time and it is estimated that the current cost of such unpaid compensation at December 31, 2023 would approximate \$170,000. This amount is not reported either as an expenditure or liability. However, it is expected that the cost of such unpaid benefits will be charged to the prior year's appropriation reserves. If sufficient funds are not available in the appropriation reserves, any additional funds necessary could be provided for in the current year's budget. Additionally, there is an amount which is partially reserved in the Reserve for Compensated Absences of \$137,141.93 on the Trust Fund balance sheet as of December 31, 2023.

#### Note 8: Selected Tax Information

Property taxes are levied as of January 1 on property values assessed as of the previous calendar year. The tax levy is divided into two billings. The first billing is an estimate of the current year's levy based on the prior year's taxes. The second billing reflects adjustments to the current year's actual levy. The final tax bill is usually mailed on or before June 14th along with the first half estimated tax bills for the subsequent year. The first half estimated taxes are divided into two due dates, February 1 and May 1.

The final tax bills are also divided into two due dates, August 1 and November 1. A ten-day grace period is usually granted before the taxes are considered delinquent and the imposition of interest charges. A penalty may be assessed for any unpaid taxes in excess of \$10,000 at December 31 of the current year. Unpaid taxes of the prior year may be placed in lien at a tax sale held after April 1 and through December 31. The tax sale was held on November 15, 2023.

Regional High School		0.740		0.725		0.697

The Borough also has a Special Improvement District of which businesses are assessed an additional levy based on their proximity to the downtown area. The rates are as follows:

		2023	2022			2021
Special Improvement District						
Zone 1	\$	0.110	\$	0.110	\$	0.110
Zone 2		0.080		0.080		0.080

2022			\$ 318,	920,400.00		
2021					\$ 324,	657,700.00

#### Comparison of Tax Levies and Collections Currently

A study of this tabulation could indicate a possible trend in future tax levies. A decrease in the percentage of current collection could be an indication of a probable increase in future tax levies.

		Currently			
-		Cash	Percentage of		
Year	Tax Levy	Collections	Collection		
2023	\$ 11,077,968.75	\$ 10,911,409.34	98.50%		
2022	10,410,216.81	10,300,302.41	98.94%		
2021	10,175,246.11	9,891,664.72	97.21%		

Also, increases in future tax levies can also be warranted if revenue sources outside of those directly generated by the municipality, such as federal or state aid, should decline without corresponding creases in budgeted expenditures.

#### Note 9: Cash and Cash Equivalents

Cash and cash equivalents include petty cash, change funds, amounts in deposits, money market accounts, and short-term investments with original maturities of three months or less.

Investments are stated at cost. The Borough classifies certificates of deposit which have original maturity dates of more than three months but less than twelve months from the date of purchase, as investments.

GASB requires disclosure of the level of custodial credit risk assumed by the Borough in its cash, cash equivalents and investments, if those items are uninsured or unregistered. Custodial risk is the risk that in the event of bank failure, the government's deposits may not be returned.

Interest Rate Risk – In accordance with its cash management plan, the Borough ensures that any deposit or investment matures within the time period that approximates the prospective need for the funds, deposited or invested, so that there is not a risk to the market value of such deposits or investments.

Credit Risk – The Borough limits its investments to those authorized in its cash management plan which are permitted under state statutes as detailed on the following pages.

Custodial Credit Risk – The Borough's policy with respect to custodial credit risk requires that the Borough ensure that Borough funds are only deposited in financial institutions in which NJ municipalities are permitted to invest their funds.

#### Deposits:

New Jersey statutes permit the deposit of public funds in institutions located in New Jersey, which are insured by the Federal Deposit Insurance Corporation (FDIC) or by any other agencies of the United States that insure deposits or the State of New Jersey Cash Management Fund.

New Jersey statutes require that municipalities deposit public funds in public depositories located in New Jersey which are insured by the Federal Deposit Insurance Corporation, or by any other agency of the United States that insures deposits made in public depositories. Municipalities are also permitted to deposit public funds in the State of New Jersey Cash Management Fund.

New Jersey statutes require public depositories to maintain collateral for deposits of public funds that exceed insurance limits as follows:

The market value of the collateral must equal 5% of the average daily balance of public funds on deposit, and

In addition to the above collateral requirement, if the public funds deposited exceed 75% of the capital funds of the depository, the depository must provide collateral having a market value at least equal to 100% of the amount exceeding 75%.

All collateral must be deposited with the Federal Reserve Bank, the Federal Home Loan Bank Board or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.

#### Note 9: Cash and Cash Equivalents (Cont'd)

#### Investments:

New Jersey statutes permit the Borough to purchase the following types of securities:

- (1) Bonds or other obligations of the United States of America or obligations guaranteed by the United States of America;
- (2) Government money market mutual funds;
- (3) Any obligation that a federal agency or a federal instrumentality has issued in accordance with an act of Congress, which security has a maturity date not greater than 397 days from the date of purchase, provided that such obligation bears a fixed rate of interest not dependent on any index or other external factor;
- (4) Bonds or other obligations of the local unit or bonds or other obligations of school districts of which the local unit is a part or within which the school district is located;
- (5) Bonds or other obligations, having a maturity date not more than 397 days from the date of purchase, issued by New Jersey school districts, municipalities, counties, and entities subject to the "Local Authorities Fiscal Control Law" P.L. 1983, c. 313 (C.40A:5A-1 et seq.) Other bonds or obligations having a maturity date not more than 397 days from the date of purchase may be approved by the Division of Local Government Services in the Department of Community Affairs for investment by local units;
- (6) Local government investment pools;
- (7) Deposits with the State of New Jersey Cash Management Fund established pursuant to section 1 of P.L. 1977, c.281 (C.52:18A-90.4); or
- (8) Agreements for the repurchase of fully collateralized securities if:
  - (a) the underlying securities are permitted investments pursuant to paragraphs (1) and (3) of this subsection a. or are bonds or other obligations, having a maturity date not more than 397 days from the date of purchase, issued by New Jersey school districts, municipalities, counties and entities subject to the "Local Authorities Fiscal Control Law", P.L. 1983 c.313 (C.40A:5A-1 et seq.);
  - (b) the custody of collateral is transferred to a third party;
  - (c) the maturity of the agreement is not more than 30 days;
  - (d) the underlying securities are purchased through a public depository as defined in section 1 of P.L. 1970, c.236 (C.17:9-41); and
  - (e) a master repurchase agreement providing for the custody and security of collateral is executed.

#### Note 10: Risk Management

The Borough is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Health benefits are provided to employees through the State of New Jersey health benefits plan. Dental benefits are provided to employees through the North Jersey Municipal Employee Benefits Fund's dental benefits plan.

The Borough of Netcong is a member of the Morris County Municipal Joint Insurance Fund. This fund is both an insured and self-administered group of municipalities established for the purpose of providing certain low-cost insurance coverage for member municipalities in order to keep local property taxes at a minimum.

The following coverages are offered by these funds to its members:

- a.) Workers' Compensation and Employers' Liability
- b.) Liability Other Than Motor Vehicles
- c.) Property Damage Other Than Motor Vehicles
- d.) Motor Vehicle
- e.) Environmental

As a member of this Fund, the Borough could be subject to supplemental assessments in the event of deficiencies. If the assets of the Funds were to be exhausted, members would become responsible for their respective shares of the Fund's liabilities.

#### New Jersey Unemployment Compensation Insurance

The Borough has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the Borough is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The Borough is billed quarterly for amounts due to the State.

The following is a summary of Borough and employee contributions, interest earned and reimbursements to the State for benefits paid and the ending balance of the Borough's expendable trust fund for the current and previous two years:

	Employee and			
	Employer	Interest	Amount	Ending
Year	Contributions	Earned	Reimbursed	Balance

The interfund payable in Current Fund is payable to the Federal and State grant fund and relates to grant funds received/expended as of year-end. The interfund between the Federal and State Grant Fund and General Capital Fund is for the grant funding utilized for a current capital ordinance The interfund between Water Utility Operating Fund and Water Utility Capital Fund is interest not liquidated as of year-end. The interfund payable in the Water Utility Operating Fund is for is for rents collected on behalf of the Sewer Utility Operating Fund. The Sewer Utility Operating Fund interfund payable is for sewer maintenance reserve due to the Sewer Utility Capital Fund.

#### Note 12: Economic Dependency

The Borough of Netcong receives a substantial amount of support from federal and state governments. A significant reduction in the level of support, if this were to occur, may have an effect on the Borough's programs and activities.

#### Note 13: Contingent Liabilities

The Borough is occasionally involved in various lawsuits arising in the normal course of business, including claims for property damage, personal injury, and various contract disputes. The Borough vigorously contests these lawsuits and believes the ultimate resolution will not have a material adverse effect on its financial position.

The Borough has been advised that a number of tax appeals have been filed. Potential refunds on tax appeals could be as much as \$100,000. A reserve for pending tax appeals, which it feels is sufficient, for this contingency in the amount of \$100,000 has been recorded as a liability as of December 31, 2023.

Amounts received or receivable from grantors, principally the federal and state governments are subject to regulatory requirements and adjustments by the agencies. Any disallowed claims, including amounts previously recognized by the Borough as revenue would constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantors cannot be determined at this time, although Borough officials expect such amounts, if any, to be immaterial.

State Health Benefit Local Government Retired Employees Plan

General Information about the OPEB Plan

#### Plan Description

The State Health Benefit Local Government Retired Employees Plan (the Plan) is a cost sharing multiple employer defined benefit other postemployment benefit (OPEB) plan with a special funding situation. It covers employees of local government employers that have adopted a resolution to participate in the Plan. For additional information about the Plan, please refer to the State of New Jersey (the State), Division of Pensions and Benefits' (the Division) annual financial statements which can be found at https://www.state.nj.us./treasury/pensions/financial-reports.shtml.

#### Benefits Provided

The Plan provides medical and prescription drug coverage to retirees and their covered dependents of the participating employers. Under the provisions of Chapter 88, P.L. 1974 and Chapter 48, P.L. 1999, local government employers electing to provide postretirement medical coverage to their employees must file a resolution with the Division. Under Chapter 88, local employers elect to provide benefit coverage based on the eligibility rules and regulations promulgated by the State Health Benefits Commission. Chapter 48 allows local employers to establish their own age and service eligibility for employer paid health benefits coverage for retired employees. Under Chapter 48, the employer may assume the cost of postretirement medical coverage for employees and their dependents who: 1) retired on a disability pension; or 2) retired with 25 or more years of service credit in a State or locally administered retirement system and a period of service of up to 25 years with the employer at the time of retirement as established by the employer; or 3) retired and reached the age of 65 with 25 or more years of service credit in a State or locally administered retirement system and a period of service of up to 25 years with the employer at the time of retirement as established by the employer; or 4) retired and reached age 62 with at least 15 years of service with the employer. Further, the law provides that the employer paid obligations for retiree coverage may be determined by means of a collective negotiations agreement.

In accordance with Chapter 330, P.L. 1997, which is codified in N.J.S.A. 52:14-17.32i, the State provides medical and prescription coverage to local police officers and firefighters, who retire with 25 years of service or on a disability from an employer who does not provide postretirement medical coverage. Local employers were required to file a resolution with the Division in order for their employees to qualify for State-paid retiree health benefits coverage under Chapter 330. The State also provides funding for retiree health benefits to survivors of local police officers and firefighters who die in the line of duty under Chapter 271, P.L. 1989.

#### Contributions

Pursuant to Chapter 78, P.L. 2011, future retirees eligible for postretirement medical coverage who have less than 20 years of creditable service on June 28, 2011 will be required to pay a percentage of the cost of their health care coverage in retirement provided they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level of coverage.

State Health Benefit Local Government Retired Employees Plan (Cont'd)

#### **Special Funding Situation**

Under Chapter 330, P.L. 1997, the State shall pay the premium or periodic charges for the qualified local police and firefighter retirees and dependents equal to 80 percent of the premium or periodic charge for the category of coverage elected by the qualified retiree under the State managed care plan or a health maintenance organization participating in the program providing the lowest premium or periodic charge. The State also provides funding for retiree health benefits to survivors of local police officers and firefighters who die in the line of duty under Chapter 271, P.L. 1989. Therefore, these employers are considered to be in a special funding situation as defined by GASB Statement No. 75 and the State is treated as a nonemployer contributing entity. For New Jersey local governments who report under the regulatory basis of accounting, the net OPEB liability and related deferred inflows are not recorded in the financial statements and there is only note disclosure of this information. Since the local participating employers do not contribute under this legislation directly to the plan, there is no net OPEB liability, deferred outflows of resources, or deferred inflows of resources to report in the financial statements of the local participating employers related to this legislation. However, the notes to the financial statements of the local participating employers must disclose the portion of the nonemployer contributing entities' total proportionate share of the collective net OPEB liability that is associated with the local participating employer.

#### Allocation Methodology

GASB Statement No. 75 requires participating employers in the Plan to recognize their proportionate share of the collective net OPEB liability, collective deferred outflows of resources, collective deferred inflows of resources, and collective OPEB (benefit)/expense. The special funding situation's and nonspecial funding situation's net OPEB liability, deferred outflows of resources, deferred inflows of resources, and OPEB expense are based on separately calculated total OPEB liabilities. The nonspecial funding situation's net OPEB liability, deferred outflows of resources, deferred inflows of resources, and OPEB (benefit)/expense are further allocated to employers based on the ratio of the plan members of an individual employer to the total members of the Plan's nonspecial funding situation during the measurement period July 1, 2021 through June 30, 2022. Employer and nonemployer allocation percentages were rounded for presentation purposes; therefore, amounts presented in the schedule of OPEB amounts by employer and nonemployer may result in immaterial differences.

#### OPEB Expense

The Borough has rolled forward the net OPEB liability as of June 30, 2022 with no adjustments. The Division of Local Government Services, Department of Community Affairs, State of New Jersey, is permitting municipalities and counties to include the June 30, 2022 OPEB information in the Notes to the Financial Statements as the June 30, 2023 information has not been released as of the date of this report.

The total OPEB liability as of June 30, 2022 was determined by an actuarial valuation as of June 30, 2021, which was rolled forward to June 30, 2022.

#### OPEB Expense (Cont'd)

At June 30, 2022, the Borough had a liability of \$2,735,741 for its proportionate share of the net OPEB liability. At June 30, 2022, the Borough's proportion was .017% which was an decrease of .0131% from its proportion measured as of June 30, 2021. Additionally, the State's proportionate share of the net OPEB liability attributable to the Borough at June 30, 2022 was \$3,283,526. At June 30, 2022, the State's proportion related to the Borough was .0973%. This is the percentage of the total State Share of the net OPEB liability of the Plan.

For the year ended June 30, 2022 the Borough's OPEB benefit as determined by the State of New Jersey Division of Pensions and Benefits was \$57,502. Additionally, during the year ended June 30, 2022, the State of New Jersey's OPEB benefit related to the Borough was \$538,567.

#### Actuarial Assumptions and Other Inputs

The actuarial assumptions vary for each plan member depending on the pension plan the member is enrolled in. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement.

Salary Increases\*:

Public Employees' Retirement System (PERS)

Rate for all future years

2.75% to 6.55% based on years of service

Police and Firemen's Retirement System (PFRS)

Rate for all future years

3.25% to 16.25% based on years of service

- Salary increases are based on years of service within the respective plan.

#### Mortality:

#### **Health Care Trend Assumptions**

For pre-Medicare medical benefits, the trend rate is initially is 6.25% for fiscal year 2023 and decreases to a 4.50% long term trend rate in 2030. For PPO post 65 medical benefits, the trend rate is -1.89% in fiscal year 2023 and increases to a 4.50% long term trend rate starting with fiscal year 2033 and later. For HMO Post 65 medical benefits, the trend rate is -1.99% and increases to a 4.50% long term trend rate starting with fiscal year 2033 and later. For prescription drug benefits, the initial trend rate is 8.00% for fiscal year 3 and decreases to a 4.50% trend rate in 2030 and later.

#### Discount Rate

The discount rate for June 30, 2022 was 3.54%. This represents the municipal bond rate as chosen by the State. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather the discount rate is set at the municipal bond rate.

Sensitivity of the Net OPEB Liability Attributable to the Borough to Changes in the Discount Rate

The following presents the net OPEB Liability of the Borough as of June 30, 2022, calculated using the discount rate as disclosed in this note, as well as what the net OPEB Liability of the Borough would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

#### Note 15: <u>Tax Abatements</u>

GASB requires disclosure of tax abatement information about (1) a reporting government's own tax abatement agreements and (2) those that are entered into by other governments and that reduce the reporting government's tax revenues.

On March 22, 2019, the Company entered into a financial agreement for a thirty (30) year long-term tax exemption with the Borough of Netcong. Pursuant to the financial agreement, the Company is required to make payment in lieu of real estate taxes (PILOT). The agreement commenced on November 24, 2020 for building 4, February 26, 2021 for building 1, April 29, 2021 for building 3 and June 18, 2021 for building 2, the date of substantial completion of the buildings in the Property. In addition to the annual service charge the PILOT includes an administrative fee equal to 2% of the annual service charge, in the four preceding quarterly installments. The Company is obligated to make timely land tax payments in order to be entitled to such credit. Per the financial agreement, the Company is exempt from land taxes, however if for any reason the Company is not exempt from land taxation, it would be entitled to a credit.

The financial agreement requires that thirteen (13) units be low and moderate income apartment rental units. The annual service charge is comprised of terms for the low and moderate income apartment rental units and all other annual gross revenue of the project. The annual service charge is the greater of \$66,603 or as follows:

• For years one (1) though year fifteen (15) from the completion date for the applicable phase, 2% of the annual gross revenue generated by the thirteen (13) low and moderate income apartment rental units plus 10% of all other annual gross revenue of the project.

(Continued)

#### Note 15: <u>Tax Abatements</u> (Cont'd)

- For years sixteen (16) through twenty (20) from the completion date or the applicable phase, 2% of the annual gross revenue generated by the thirteen (13) low and moderate income apartment rental units plus 11 % of all other annual gross revenue of the project or 20% of the amount of taxes otherwise due on the value of the land and improvements.
- For years twenty-one (21) though twenty four (24) from the completion date or the applicable phase, 2% of the annual gross revenue generated by the thirteen (13) low and moderate income apartment rental units plus 12% of all other annual gross revenue of the project or 40% of the amount of taxes otherwise due on the value of the land and improvements.
- For years twenty-five (25) though twenty eight (28) from the completion date or the applicable phase, 2% of the annual gross revenue generated by the thirteen (13) low and moderate income apartment rental units plus 12% of all other annual gross revenue of the project or 60% of the amount of taxes otherwise due on the value of the land and improvements.
- For each of years twenty nine (25) from the completion date through the expiration of the term of agreement or the applicable phase, 2% of the annual gross revenue generated by the thirteen (13) low and moderate income apartment rental units plus 12% of all other annual gross revenue of the project or 80% of the amount of taxes otherwise due on the value of the land and improvements.

The Borough recognized revenue in the amount of \$225,000.00 from this annual service charge or payment in lieu of taxes which is recorded as a miscellaneous revenue anticipated in the Current Fund and an additional \$302,202.17 that is reserved for which \$302,202.17 is anticipated in the 2024 municipal budget. The taxes which would have been paid on this property for 2023 without the abatement would have been \$86,519.70 of which \$24,648.20 would have been for the local municipal tax.

### BOROUGH OF NETCONG NOTES TO SCHEDULES OF EXPENDITURES OF FEDERAL AND STATE AWARDS YEAR ENDED DECEMBER 31, 2023

#### A. Basis of Presentation

The accompanying Schedules of Expenditures of Federal and State Awards (the "Schedules") includes the federal and state grant activity of the Borough of Netcong under programs of the federal and state governments for the year ended December 31, 2023. The information in these schedules is presented in accordance with the requirements of the Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance") and New Jersey's OMB Circular 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid.* Because the schedules present only a selected portion of the operations of the Borough, they are not intended to and do not present the financial position, changes in fund balance or cash flows of the Borough.

#### B. Summary of Significant Accounting Policies

Expenditures reported on the accompanying Schedules of Expenditures of Federal and State Awards are reported on the cash basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts, if any, shown on the Schedules represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years. Pass-through identifying numbers are presented where available. The Borough has elected not to use the 10 percent de minimis indirect cost rate as allowed under the Uniform Guidance.

#### C. Relationship to Federal and State Financial Reports

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

#### D. State Loans Outstanding

The Borough of Netcong has the following loan outstanding as of December 31, 2023:

Department of Environmental Protection:

New Jersey Infrastructure Financing Program \$ 685,652.41

Currently, the Borough is in the process of repaying the loan balance. The projects which were financed by the loans are complete and there were no current year receipts or expenditures on the loan.

### Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

#### **Independent Auditors' Report**

The Honorable Mayor and Members of the Borough Council Borough of Netcong Netcong, New Jersey

We have audited, in accordance with auditing standards generally accepted in the United States of America, audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey ("the Division"), and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements - *regulatory basis* - of the various funds of the Borough of Netcong, in the County of Morris (the "Borough") as of and for the years ended December 31, 2023 and 2022, and the related notes to the financial statements and have issued our report thereon dated March 29, 2024. These financial statements have been prepared in accordance with accounting practices prescribed or permitted by the Division to demonstrate compliance with the Division's regulatory basis of accounting, and the budget laws of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America. That qualified report also indicated that we did not audit the general fixed assets account group.

#### **Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Borough's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Borough's internal control. Accordingly, we do not express an opinion on the effectiveness of the Borough's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Borough's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We identified a certain deficiency in internal control, described in the accompanying Schedule of Findings and Responses as Finding 2023-001, that we consider to be a significant deficiency.

The Honorable Mayor and Members of the Borough Council Borough of Netcong Page 2

#### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Borough's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

#### The Borough's Response to the Finding

Government Auditing Standards requires the auditor to perform limited procedures on the Borough's response to the finding identified in our audit and described in the accompanying Schedule of Findings and Responses. The Borough's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Borough's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Borough's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

### BOROUGH OF NETCONG SCHEDULE OF FINDINGS AND QUESTIONED COSTS YEAR ENDED DECEMBER 31, 2023

#### Summary of Auditors' Results:

- The Independent Auditors' Report expresses a qualified opinion on the Borough's financial statements, prepared in accordance with accounting practices prescribed or permitted by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, as the general fixed assets account group was not audited.
- A significant deficiency disclosed during the audit of the financial statements is reported in the Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards. No material weaknesses are reported.
- No instances of noncompliance material to the financial statements of the Borough which would be required to be reported in accordance with *Government Auditing Standards*, were disclosed during the audit.
- The Borough was not subject to the single audit provisions of the Uniform Guidance and New Jersey's OMB Circular 15-08 for the year ended December 31, 2023 as both state and federal grant expenditures were less than the single audit thresholds of \$750,000 identified in the Uniform Guidance and NJOMB 15-08.

<u>Findings Relating to the Financial Statements which are required to be Reported in Accordance with Generally Accepted Government Auditing Standards:</u>

- The audit did not disclose any findings required to be reported under Generally Accepted Government Auditing Standards, except as follows:

Finding 2023-001
Segregation of Duties

#### Criteria

Concentration of duties and responsibilities in a limited number of individuals is not desirable from a control point of view.

#### Condition

The Borough does not maintain an adequate segregation of duties with respect to the recording and treasury functions.

The various departments/offices of the Borough are responsible for the issuance of permits and licenses; collections of taxes; utility charges and permit and license fees; and recording of collections. Also, the Treasurer posts some revenue and disburses funds. The Chief Financial Officer is responsible for the reconciliation of bank accounts and the preparation of the general ledger which could including recording cash receipts and disbursements for the various funds.

#### <u>Cause</u>

This is due, in part, to the limited number of personnel of the Borough and the decentralized nature of governmental collection procedures.

### BOROUGH OF NETCONG SCHEDULE OF FINDINGS AND QUESTIONED COSTS YEAR ENDED DECEMBER 31, 2023

Findings Relating to the Financial Statements which are required to be Reported in Accordance with Generally Accepted Government Auditing Standards: (Cont'd)

#### Finding 2023-001 (Cont'd)

#### Effect or Potential Effect

Segregation of duties refers to separating those functions that place too much control over a transaction or class of transactions that would enable a person to perpetuate errors and prevent detection within a reasonable period of time.

#### Recommendation

It is recommended that an adequate segregation of duties be maintained with respect to the recording and treasury functions

#### Management's Response

The finding was evaluated, however, due to budgetary constraints, no resolution can be made at this time.

#### Findings and Questioned Costs for Federal Awards:

- Not Applicable – Grant expenditures were below the single audit threshold.

#### Findings and Questioned Costs for State Awards:

- Not Applicable – Grant expenditures were below the single audit threshold.

## BOROUGH OF NETCONG SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS YEAR ENDED DECEMBER 31, 2023

The prior year Finding 2022-001 regarding segregation of duties has not been resolved due to budgetary constraints and is included as current year Finding 2023-001.

# BOROUGH OF NETCONG PART III COMMENTS AND RECOMMENDATIONS

YEAR ENDED DECEMBER 31, 2023

#### BOROUGH OF NETCONG COMMENTS AND RECOMMENDATIONS

#### Contracts and Agreements Required to be Advertised for N.J.S. 40A:11-4

#### N.J.S. 40A:11-3 states:

a. "When the cost or price of any contract awarded by the contracting agent in the aggregate does not exceed in a contract year the total sum of \$17,500, the contract may be awarded by a purchasing agent when so authorized by ordinance or resolution, as appropriate to the contracting unit, of the governing body of the contracting unit without public advertising for bids, except that the governing body of any contracting unit may adopt an ordinance or resolution to set a lower threshold for the receipt of public bids or the solicitation of competitive quotations. If the purchasing agent is qualified pursuant to subsection b. of section 9 of P.L. 1971, c.198 (C.40A:11-9), the governing body of the contracting unit may establish that the bid threshold may be up to \$25,000. Such authorization may be granted for each contract or by a general delegation of the power to negotiate and award such contracts pursuant to this section.

b. Any contract made pursuant to this section may be awarded for a period of 24 consecutive months, except that contracts for professional services pursuant to subparagraph (i) of paragraph (a) of subsection (1) of section 5 of P.L. 1971, c.198 (C.40A: 11-5) may be awarded for a period not exceeding 12 consecutive months. The Division of Local Government Services shall adopt and promulgate rules and regulations concerning the methods of accounting for all contracts that do not coincide with the contracting unit's fiscal year.

c. The Governor, in consultation with the Department of the Treasury, shall, no later than March 1 of every fifth year beginning in the fifth year after the year in which P.L.1999, c.440 takes effect, adjust the threshold amount and the higher threshold amount which the governing body is permitted to establish, as set forth in subsection a. of this section, or the threshold amount resulting from any adjustment under this subsection, in direct proportion to the rise or fall of the index rate as that term is defined in section 2 of P.L.1971, c.198 (C.40A11-2), and shall round the adjustment to the nearest \$1,000. The Governor shall, no later than June 1 of every fifth year, notify each governing body of the adjustment. The adjustment shall become effective on July 1 of the year in which it is made."

N.J.S. 40A: 11-4 states: "Every contract awarded by the contracting agent for the provision or performance of any goods or services, the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the governing body of the contracting unit to the lowest responsible bidder after public advertising for bids and bidding therefore, except as is provided otherwise in this act or specifically by any other law. The governing body of a contracting unit may, by resolution approved by a majority of the governing body and subject to subsections b. and c. of this section, disqualify a bidder who would otherwise be determined to be the lowest responsible bidder, if the governing body finds that it has had prior negative experience with the bidder."

Effective July 1, 2020 and thereafter, the bid thresholds in accordance with N.J.S.A. 40A:11-3 are \$17,500 for a contracting unit without a qualified purchasing agent and \$44,000 for a contracting unit with a qualified purchasing agent.

The governing body of the Borough of Netcong has the responsibility of determining whether the expenditures in any category will exceed the bid threshold within the fiscal year and where question arises as to whether any contract or agreement might result in violation of the statute, the Borough Attorney's opinion should be sought before a commitment is made.

The minutes indicated that bids were requested by public advertising per N.J.S. 40A:11-4. The minutes also indicated that resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services," per N.J.S. 40A:11-5.

#### BOROUGH OF NETCONG COMMENTS AND RECOMMENDATIONS

(Continued)

#### Contracts and Agreements Required to be Advertised for N.J.S. 40A:11-4 (Cont'd)

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed. None were noted.

#### Collection of Interest on Delinquent Taxes, Utility Rents and Assessments

The statute provides the method for authorizing interest and the maximum rates to be charged for the nonpayment of taxes, utility rents or assessments on or before the date when they would become delinquent.

On January 13, 2023, the governing body adopted the following resolution authorizing interest to be charged on delinquent taxes as follows:

"8% per year to \$1,500 and 18% per year on that portion of tax delinquencies in excess of \$1,500. The grace period will be extended ten days; however, if payment is overdue by more than 10 days, interest on delinquent taxes will revert back to the first day." "A penalty of 6% shall be charged whenever there is a delinquency in excess of \$10,000 in the event that payment is not made prior to the end of the calendar year."

On October 11, 1988, the governing body adopted an ordinance amending Sections 1 and 2 of Chapter 88 entitled "Water, Rents and Charges" of the Code of the Borough of Netcong, as follows:

#### "88-7 Payment of Bills Required, Interest, Service Charges

All water bills shall be payable quarterly and shall be paid no later than the tenth day of the month in which the same shall become due. Any unpaid water rent shall be charged interest at the rate of eight percent (8%) per annum on the first \$1,500 and at the rate of eighteen percent (18%) per annum on the balance, to be calculated as of the billing date. In addition to the interest penalty herein set forth, the water shall be shut off from the premises so supplied and shall not be turned on until all arrears and interest shall be fully paid. A service charge of twenty-five dollars (\$25.00) shall be made for turning on or off the water supply. This ordinance shall take effect October 11, 1988."

On December 12, 1967, the governing body adopted an ordinance authorizing interest to be charged on delinquent sanitary sewer rents, as follows:

"Pursuant to the provisions of N.J.S.A. 40:63-8, the charges set forth herein above shall draw the same interest from the time they become due as taxes upon real estate in the Borough of Netcong and shall be a lien upon the premises connected to the sanitary sewers until paid, and the Borough of Netcong shall have the same remedies for the collection thereof, with interest, cost and penalties as the Borough of Netcong has by law for collection of taxes upon real estate."

It appears from an examination of the Tax Collector's and the Utility Collector's records that interest was collected in accordance with the foregoing resolutions/ordinances.

#### New Jersey Administrative Code Accounting Requirements

The Division of Local Government Services has established three (3) accounting requirements which are prescribed by the New Jersey Administrative Code. They are as follows:

- 1. Maintenance of an encumbrance accounting system.
- 2. Fixed asset accounting and reporting system.
- 3. General ledger accounting and record system.

The Borough maintains an encumbrance accounting system, a fixed asset accounting and reporting system and a general ledger accounting system.

#### Fixed Assets

The Fixed Assets records were not audited in the current year. The Borough has currently contracted and is in the process of having an outside appraisal of fixed assets completed. As this report is in process, no formal recommendation is deemed warranted at this time.

#### Segregation of Duties

The Borough does not maintain an adequate segregation of duties with respect to the recording and treasury functions. Segregation of duties refers to separating those functions that place too much control over a transaction or class of transactions that would enable a person to perpetuate errors and prevent detection within a reasonable period of time. The various departments/offices of the Borough are responsible for the issuance of permits and licenses; collection of taxes, utility charges and permit and license fees; and recording of collections. Also, the Treasurer posts some revenue and disburses funds. The Chief Financial Officer is responsible for the reconciliation of bank accounts and the preparation of the general ledger which could including recording cash receipts and disbursements for the various funds. This is due, in part, to the limited number of personnel of the Borough and the decentralized nature of governmental collection procedures. Accordingly, management and the Borough Council should be aware of this situation and realize that the concentration of duties and responsibilities in a limited number of individuals is not desirable from a control point of view.

#### Management's Response

The finding was evaluated, however due to budgetary constraints no resolution can be made at this time.

#### Management Suggestions

#### Governmental Accounting Standards Board (GASB) Statements

GASB Statement No. 101, Compensated Absences, is effective for the year ended December 31, 2024. This statement requires that the liability for compensated absences to be calculated for 1 – leave that has not been used and 2 – leave that has been used but not yet paid. The liability should be recognized for leave that has not been used if (a) – the leave is attributable to services already rendered, (b) the leave accumulates and (c) the leave is more likely than not to be used for time off or otherwise paid. In estimating the leave that is more likely than not to be used or otherwise paid or settled, a government should consider relevant factors such as employment policies related to compensated absences and historical information about the use or payment of compensated absences. Leave that is more likely than not to be settled through conversion to defined benefit postemployment benefits should not be included in the liability for compensated absences. The Statement directs that for leave that has not been used the calculation should generally use an employee's pay rate as of the date of the financial statements.

#### COVID-19 Federal Funding

It is possible that the Borough will undergo some review of its COVID-19 funding by the federal government. We strongly suggest that the Borough ensures that these funds are utilized in accordance with the applicable federal requirements especially with respect to procurement. Additionally, we strongly suggest that the Borough ensures that these funds are separately accounted for in the Borough's accounting records and that any applicable Borough policies are current with respect to federal grant requirements.

Because of the nature of these funds, being new programs, generally of a significant dollar amount, and some of which may be expended over a period of years, they may be subject to federal or state audit several years from now. It is important that the grant files maintained by local governments be complete, self-explanatory, and fully document the program(s) undertaken as part of the funding.

The American Rescue Plan funding must be obligated by December 31, 2024 and the liquidation of the obligation must be completed by December 31, 2026.
